

Pour développer ces compétences générales, l'éducation physique et sportive propose à tous les élèves un parcours de formation constitué de quatre champs d'apprentissage complémentaires :

- Produire une performance optimale, mesurable à une échéance donnée
- Adapter ses déplacements à des environnements variés
- S'exprimer devant les autres par une prestation artistique
- Conduire et maîtriser un affrontement collectif ou interindividuel.

Afin de permettre un bon travail durant les séances de sport, il est essentiel que votre enfant ait une tenue de sport adaptée suivant la saison, ainsi qu'une casquette et une gourde d'eau.

Très bonne année sportive à tous et toutes !
Antoine

Sport in CP, CE1, CE2 (keystage 2)

Antoine Haget

ahaget@epbi.net

Hello Parents,

My name is Antoine Haget and I am a professional Physical Education / Sports teacher. This will be my first year at EPBI where I will be teaching all pupils from MS through to Terminale.

In key stage 2 (CP/CE1/CE2), pupils react spontaneously and with pleasure when taking part in sports activities. They develop their body movements and learn body language as well as learning to express their emotions and say what they are doing.

Through team and individual sports activities, pupils will learn about social and moral values (respecting rules, oneself and others).

At the end of key stage 2, pupils will be ready to continue physical education and sport further.

Physical education and sport lie at the heart of the common core in education allowing all pupils to build on 5 skill sets:

- develop movement and learn to express oneself using the body
- learn and use methods and tools for different sports activities
- share rules and take roles of responsibility
- learn about health via regular physical activity
- make physical education, sport and the arts part of their daily life.

To help develop general learning skills, physical education and sport offer 4 different learning objectives to all pupils:

- to give an optimal performance that is measured to certain given criteria
- to adapt one's movement to the different surroundings and environment

- to perform in front of others or the class group
- to participate in collective team competition.

In order to do sports in good conditions, please dress your child with comfortable clothes and provide him/her with a cap/hat as well as a small bottle of water.

I hope you will enjoy this school year!

Antoine
